Lakeland Supply Employee Highlights

Amy Prebil

Purchasing

I started working for Lakeland in April of 2010, starting with data entry, billing, and customer service. After a couple years of doing that I was promoted to purchasing and have been a buyer ever since. I love that Lakeland is a Christian company and values God and family first.

I have been married to my husband Dan going on 22 years, we have known each other for 38 years and were 2nd grade sweethearts. We have 21 year old twin boys , Tyler and Jacob, who have grown up to be such amazing young men. My husband and I have recently become empty nesters and have been really enjoying this new season in our lives.

We love to hang out with friends and family, checking out new restaurants, playing ball and going for walks with our dog Addie, and enjoy doing different projects around the house.

Something funny and unique about myself is I love to organize and reorganize. If you were to come to my house one month and come again the next month chances are it will be reorganized in a different way. I love cleaning and listening to Celine Dion to de-stress.

Dan Morse

Sales Consultant

Hi my name is Dan Morse. I was hired at Lakeland in July of 1993...coming up on 29 years ago!!(WOWSA..I'm getting old!!...LOL!)

My time at Lakeland have been the greatest years of my life. Even after all these years, I love coming to work and serving our customers, many of whom have become dear friends of mine....

I have seen a lot of changes in the packaging marketplace and in the way we do business. I have also experienced a lot of changes in my family life. Since coming on board with Lakeland, my wife Shannon and I have had three wonderful daughters and four beautiful grandchildren. (Did I mention I'm getting old...)

My wife and I love spending time with our children and our grand-kiddos. My favorite thing right now is building blanket forts around the house and playing hide-and-seek. SO FUN!!!

God has been good through it all and I am extremely thankful for it all!!!
